Carola Schropp – Managing Director, Hayim Group

**Thursday, September 8, 2016
2:00 pm**

Location:

Amphitheater 6th Floor, Guillermo Arbona Building
UPR Medical Sciences

Local sponsor: Center for
Collaborative Research
in Health Disparities

A monthly lecture series on an array of topics related to the life sciences and business in Puerto Rico will be offered to prepare companies and organizations for partnering during the upcoming Biolatam® biotechnology partnering conference. Biolatam will take place November 29–30 at the Sheraton Puerto Rico Hotel & Casino.

Learn why it's beneficial to partner early and partner often, plus how building and maintaining relationships can improve your chances for success.

Registration for the lecture series is complimentary. Please RSVP to Ruth Davila at +1 760 979 8704 or ruthdavila@hayimgroup.com.

Workshop series hosted by:

HAYIM Group

BIOLATAM®

NOVEMBER 29–30, 2016 // SAN JUAN, PUERTO RICO

Biolatam is the leading biotechnology conference in Latin America providing a forum for collaboration, discussion and analysis to key participants in the industry. For the first time, Biolatam takes place in Puerto Rico, bringing together biotech companies working in the areas of health, biofuels, cosmetics, agrifood, and mining as well as pharmaceutical companies, medtech companies, investors, industry solutions providers, hospitals, and universities. Biolatam is produced by EBD Group and ASEBIO.

Visit: ebdgroup.knect365.com/biolatam for more information.
